11. 1st of April

Went to the bank and deposited the money.

Then I went to the office and saw the manager.

He was very kind and gave me the money.

I then went to the post office and sent the letter.

After that I went to the library and read the book.

I found it very interesting and learned a lot.

Then I went to the park and saw the children.

They were playing very happily and I was glad.

I then went to the shop and bought the things.

After that I went to the house and saw the family.

They were all very well and I was happy.

I then went to bed and fell asleep.
